Duration : Language : English Price : None

What you will learn?

- Getting Started With Automation Testing - Orientation Program
- Roadmap to learn Automation Testing
- Different tools for automation in each category
- Web Automation using Selenium
- Interacting with Web Elements
- Automating Web Application End-to-End Scenarios Using Selenium

Features

- Course material
- Course resources
- On demand recorded videos
- Practical exercises
- Quizzes
- Assignments
- Course completion certificate

Requirements

- System with Internet Connection
- Interest to learn
- Dedication

Course Curriculum

Day 1

- Getting Started With Automation Testing - Roadmap to learn Automation Testing

Day 2

- Getting Started With Selenium - Downloading and Installation - WebDriver and WebElement

Commands

Day 3

- Interacting With WebElements

Day 4

- Automating Web Application Using Selenium 4
